I am writing to you to commend on your work as well as your team on the recent renovation works at MOE premise at Teachers Network, Grange Road. During that period, I had a great pleasure working with you right from the site visit, discussions, project proposal details, coordination work, paper work and manpower planning. All were carried out resourcefully, diligently and successfully.

I am happy that with your strength and positive work attitude, the renovation work was completed as per projected and all the minor details like network wiring and power points are brilliantly laid. Even the furniture and carpet types offered are justifiable and it fits the budget.

I am lucky to have awarded your company to manage the renovation project. With your excellent coordinating work, all tasks were carried out efficiently. Having such a solution-oriented person like you, the once dull, smelly, dusty and dilapidated offices are now a vibrant work place to work in for about 50 officers.

I would like to give you my biggest thank you on your excellent work and would not hesitate to reward future similar projects to you and your entrusted company.

**Best Regards,**

**Muhamad Bashid Hamzah (MR)**
